

Please help me reach my DONNA fundraising target!

Dear _____ :

As you may already know, I'm participating in the DONNA in February. I'm really excited about competing – so wish me luck!

A big part of this event is raising much needed funds to finish breast cancer. I'm supporting The DONNA Foundation – a wonderful organization that is working hard to fund ground breaking breast cancer research and to provide financial assistance to those with breast cancer.

I would really appreciate it if you would sponsor me through my online fundraising page or donation form. I'm aiming to raise \$_____ which will allow The DONNA Foundation to support important work that is saving lives and helping those who need it the most. Every dollar counts and even a donation as little as \$10 will make a difference. So please help!

It's really easy to give online and you get a receipt for your donation emailed straight to you. Just follow the link below to visit my fundraising page.

Thanks so much for your help.
